MRS. WINSLOW'S SOOTHING SYRUP.

This valuable preparation is the prescription of one of the most experienced and skillful surgeons in New-England, and has been used with never failing success in thousands of cases.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and vigor to the whole system.

It will almost instantly relieve griping in the bowels, and overcome convulsions, which, if not speedily remedied, end in death.

We believe it the best and surest remedy to the world in all cases of Dysentery and Diarrhea in children, whether it arises from teething or from any other cause.

THE FLORENCE NIGHTINGALE OF THE NURSERY.

The following is an extract from a letter by the Rev. C. Z. Wooster to the German Reformed Messenger, at Chambersburg, Pennsylvania:

A BENEFACTRESS.

There is a woman in the public eye whose name had all along been associated in our mind, with the "Yankee," "Quack," and "Humbucker." But it is no longer, and we desire to write her name from all such suspicious association in all other minds. Whatever notions we may have of woman's delicacy and propriety, we will all admit that woman alone is the Nurse—the true Nurse—the nurser. Whether we shall have female Physicians or not is a question which must be decided by time and principle, and not as a matter of taste. True, pre-judged, captures and customs may well belie them-selves, for if there is any truth, there will also be a surprise—if there be a "calling," there will be a calling. Nature and Human Society are always self-supplying, and though Art and Fashion may hinder, they cannot prevent.

Mrs. Winslow does not want to treat you, gentlemen. Not does she prescribe a regimen for your wives; but modestly appears as a messenger of health and happiness to your INFANTS in the cradle. Is there anything improper in that? A nurse of "ten years'" experience can boldly say what is or is not good for a babe—and ought to be listened to. God speed her on her humble but happy mission. She is the most successful physician and most effectual benefactor of all little ones ever enjoyed—her doting parents not excepted. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the nursery. Of this we are sure, that we will teach our "Sext" to my "A Blasso" or Mrs. Winslow" for helper her to survive and escape the giddy, colicking, and teething sieve. We send every word we can to the "Physicians" in the Profession. It performs precisely what it professes to perform, every part of it—nothing less. Away with your "Confidit," "Paracetic," "Drops," "Laudanum," and every other "Narcotic" by which the babe is drugged into stupidity, and rendered dull and idiotic for life.

We have never seen Mrs. Winslow—know her only through the preparation of her "SOOTHING SYRUP FOR CHILDREN TEETHING." If we had the power we would make her, as she is, a Physician-Savior to the Infant Race.

To every mother who has children suffering from any of the complaints incident to the period of teething, we say, do not let your own prejudices, or the prejudices of others stand in the way of the relief that will be sure—absolutely sure—to follow the use of MRS. WIN'S SOOTHING SYRUP.

MOTHERS! MOTHERS!! MOTHERS!!!

An old mother for children. Don't fail to procure MRS. WINSLOW'S SOOTHING SYRUP for children teething. It has no equal on earth. No mother who has ever tried MRS. WINSLOW'S SOOTHING SYRUP for children will ever consent to let her child pass through the distressing and critical period of teething without the aid of this invaluable preparation. If life and health can be estimated by dollars and cents, it is worth its weight in gold.

Millions of bottles are sold every year in the United States. It is an old and well-tried remedy.

THE BETTER OF GOOD ADVICE.

Thanks to MRS. WINSLOW'S SOOTHING SYRUP, we have for years been relieved from sleepless nights of pain watching for poor suffering teething children. Unlike all the preparations of opium which are usually got up to make children sleep and which simply stupefy the child, the Soothing Syrup gives not only rest, but vigor and health; the little fellow will wake up bright, cheery, and refreshed. It is sure, moreover, to cure Wind-Colic and regulate the bowels. As we freely received the advice which calls forth the above thanks, we freely give it to others, and say to all mothers, Get the Soothing Syrup for your child, and thank us with this for our advice.
